

By adding the ability to add notes on each interaction within Reports we've increased traceability between tests and execution where analysts can add comments onto a validation given an explanation for why it failed or if anything of importance occurred.

This is also very useful for QA teams working on the same project because it adds communication and different users can comment back and forth on the same validation note.

See the following document for step-by-step instructions:

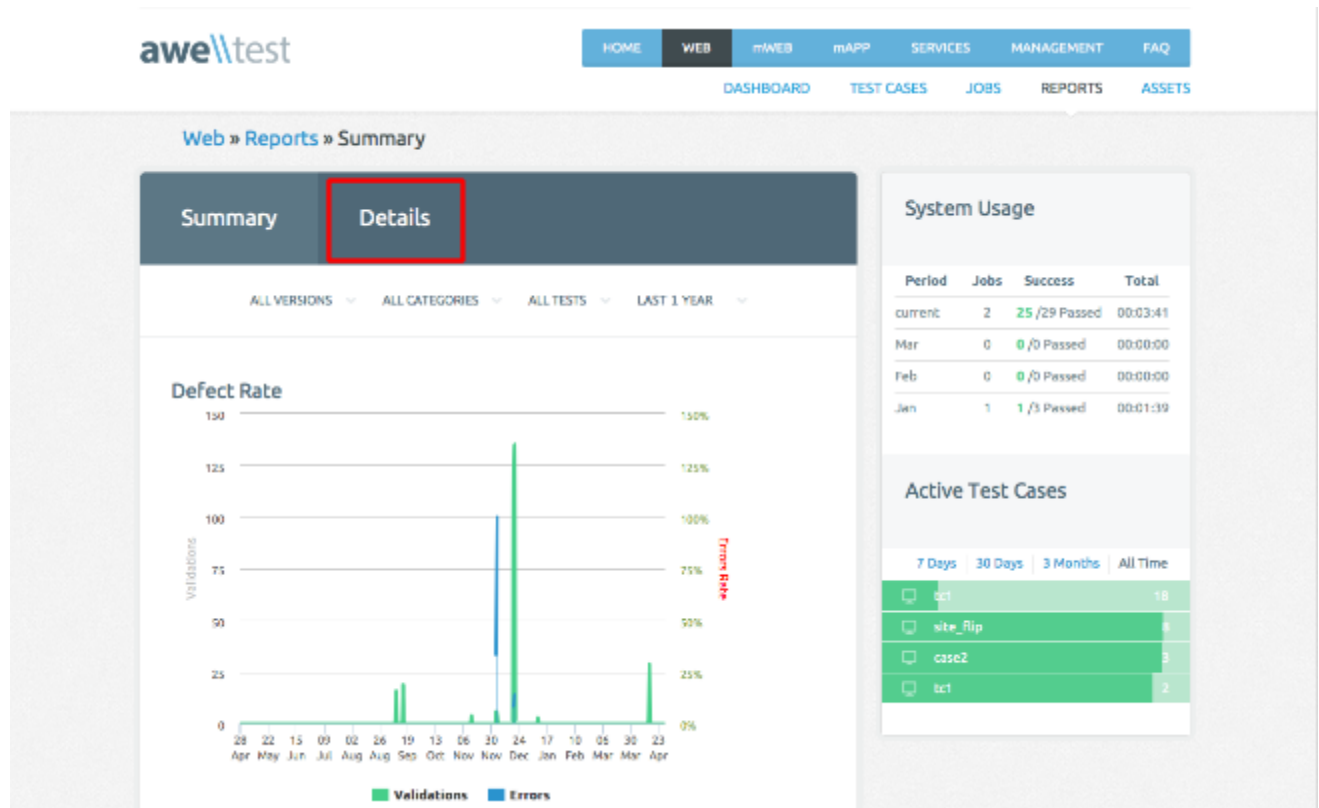

- From the home screen of www.awetest.com go to Web > Reports.

The first screenshot shows the main dashboard with the 'WEB' tab highlighted in the top navigation bar. The dashboard displays four key metrics: 214 JOBS, 73 of 278 TESTS PASSED, 2157 VALIDATIONS, and 01.52 HS OF TESTING. Below these are sections for 'Your Activity Stream' and 'Active Test Cases'.

The second screenshot shows the 'REPORTS' section, which is highlighted in the top navigation bar. The dashboard displays four key metrics: 128 JOBS, 47 of 192 TESTS PASSED, 1286 VALIDATIONS, and 01.08 HS OF TESTING. Below these are sections for 'Your Web Activity Stream' and 'Active Test Cases'.

Test Case	7 Days	30 Days	3 Months	All Time
tc1	46	35	34	30
tc2	35	34	30	30
tc3	34	30	30	30
tc4	30	30	30	30

- Click on Details.

- Click on one of the Job IDs to get more line-level detail.

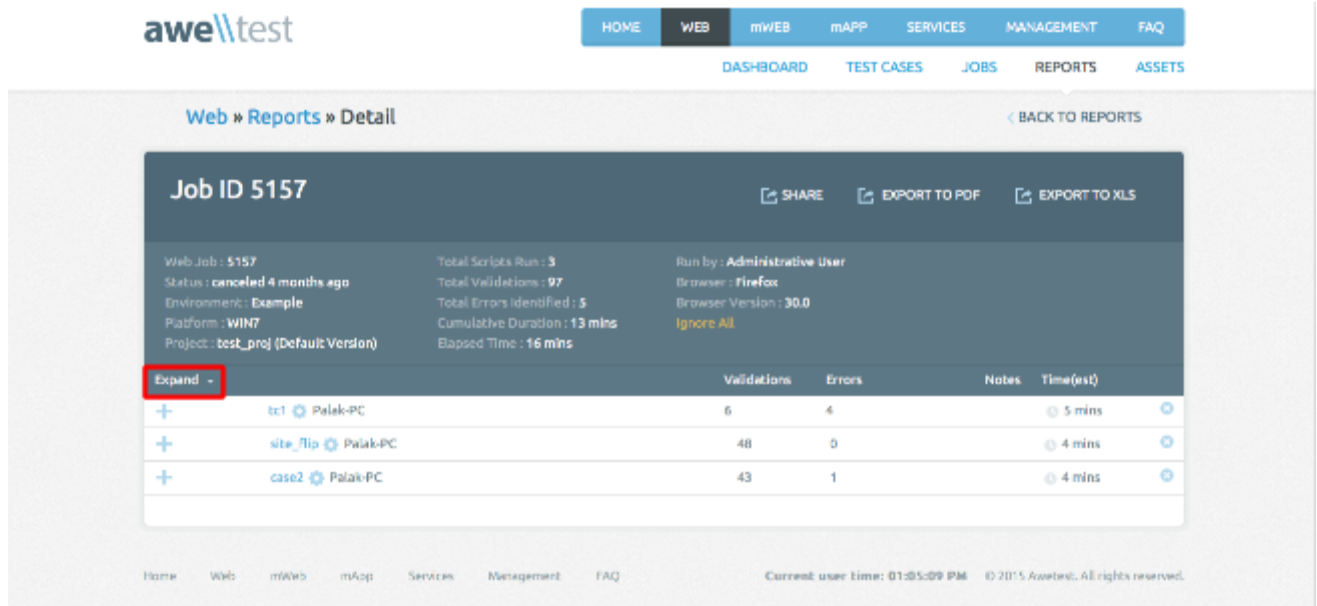

The screenshot shows the 'Web » Reports' section of the awe\\test application. It features a navigation bar with links: HOME, WEB, mWEB, mAPP, SERVICES, MANAGEMENT, and FAQ. Below this is a sub-navigation bar with DASHBOARD, TEST CASES, JOBS, REPORTS, and ASSETS. The main content area has a 'Web » Reports' breadcrumb and two tabs: 'Summary' (selected) and 'Details'. Under the 'Summary' tab, there are filters for 'ALL VERSIONS', 'ALL CATEGORIES', 'ALL TEST', and 'LAST 1 YEAR'. A table lists test jobs with columns: Job ID, User, Run Date & Time, Duration, Scripts, Validations, Errors, and Platform. The job ID 5157 is highlighted with a red box. Below the table, there is a link for '* "Burst" Job' and a pagination control showing '1', '2', '3', and a 'Next' button.

Job ID	User	Run Date & Time	Duration	Scripts	Validations	Errors	Platform
6605	palak	04.15.15 07:00	3 mins	2	26	2	7 30.0

- This opens a prompt for you note. Fill it in and click Save.

- Now when you or another person on the project sees the icon change to this, it signals that there is a note on the report.

The screenshot displays the 'Web » Reports » Detail' page for Job ID 5157. The page includes a navigation bar with links like HOME, WEB, mWEB, mAPP, SERVICES, MANAGEMENT, and FAQ. Below the navigation bar, there are tabs for DASHBOARD, TEST CASES, JOBS, REPORTS, and ASSETS. The main content area shows job details for Job ID 5157, including status (canceled 4 months ago), environment (Example), platform (WIN7), and project (test_proj). It also lists total scripts run (3), total validations (97), total errors identified (5), cumulative duration (13 mins), and elapsed time (16 mins). A table of test results is shown with columns for Validations, Errors, Notes, and Time(est). A red box highlights a yellow notepad icon in the Notes column, indicating a note has been added to the report.
